**Since 1952**

*Over 65 Years of Liquid Packaging Experience*

# GETTING TOMORROW'S AUTOMATION TODAY

## with FILAMATIC'S Fully-Automated Monobloc Solutions

Whether linear or turret-based, FILAMATIC Monoblocs feature countless capabilities and perform a wide range of tasks such as sorting, feeding, filling, plugging, stoppering, crimping, capping, labeling and accumulating – all in a compact footprint. These state-of-the-art liquid packaging systems can fill a variety of bottle shapes and sizes, as well as a wide range of different fill volumes.

- 100% verification of each filled container
- Optional HEPA filtration systems available
- Tare, Gross and Net Weigh capabilities
- Quick, easy and recipe driven tool-less changeovers
- Servo-Driven technology offers improved control and reliability for Stopper/Tip placement, Cap, Torque and Indexing processes

## ACCURATE, POWERFUL AND CONTROLLED

### *Dosing and Dispensing Made Easy*

FILAMATIC offers several models that can be customized to match your unique project applications. The versatility, precision and accuracy of FILAMATIC Monoblocs are well-known throughout the packaging world and ideal for:

- Unique container configurations
- Aseptic filling requirements
- Multiple fill volumes & container sizes
- Increased automation & efficiency
- Custom applications

MNB - Turret

FUSION2

FILAMATIC brings decades of experience, innovation and best-in-class liquid filling technology to a new series of fully-automated, integrated Monobloc solutions. Match your production needs with the widest range of liquid packaging capabilities to help your business grow.

**UNIQUE PERFORMANCE.  
UNDENIABLE QUALITY.  
UNRIVALED SUPPORT.**

Discover a world of difference when you partner with FILAMATIC. Our one-of-a-kind approach to service and support after-the-sale will help unleash the full potential of a true industry partner. We call it unique performance, undeniable quality and unrivaled support. You can call it a trusted partner.
